

GROCERY GRAB & GO FOOD

nData Services' Grab & Go program allows retailers to easily create and manage their customized digital campaigns with secure, serialized, single-use digital coupons

The hot and prepared food business in grocery continued to grow quickly, becoming an important source of profits. Consumer's demand for quality, convenient food is rising alongside new services like delivery that make it easier for retailers to meet this demand. Custom digital coupons are a powerful tool to promote high-margin food service.

nData's custom campaign offers are designed specifically for your store and your customers.

- Custom programs for food service, private label, specialty items, overstocks
- Promotional content including in-store signage and digital promotions
- Campaign distribution via text and email
- Works with or without loyalty, or
- Free Coupon24 digital wallet and app

HOW DOES IT WORK?

1. Retailer chooses promotion

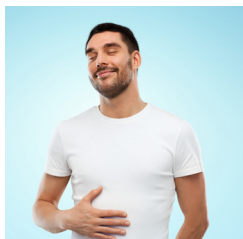

2. nData creates campaign, issues QR code

3. Retailer promotes offer via flyers and digital channels

4. Shoppers download to phone channels

5. Shopper redeems, loves sandwich and great meal deal

AI (8112) Digital Coupon Offers Are Easy to Distribute Via Multiple Channels

nData Services will help you every step of the way!
